DELIVERY ZONES NSW, VIC & SA

Delivery charges are outlined in the price lists.

**Nylex Bladder Tanks: Securing pegs, ropes, inlet and outlet plumbing fittings, including a tap or gate valve, will need to be purchased separately. Requires minimum installation area of 2000mm x 4100mm.

Nylex Rainwater Tank dimensions are approximate only due to variations in the manufacturing process. Nylex Rainwater Tanks are supplied with one outlet and one tap or gate valve.

Colours TM & © are Colorbond registered trademarks of Bluescope Steel Limited. Nylex Water Solutions accepts no responsibility for shade variations due to supplier tolerances.
